

## *Greater Harvest Church of God Sanctified*

October 15, 2004

Real Estate Professional Services  
Attention: Mike Mesier  
45500 Van Dyke  
Utica, MI 48317

Dear Mike:

Our words cannot possibly express our sincere thanks to God and our gratitude to yourself and to Real Estate Professional Services (REPS) with regards to assisting us in finding and purchasing our new church home. We first met a little over two years ago when you showed us another church property that was for sale. The building was beautiful and exhibited great possibilities, however, in spite of the desire of our congregation to purchase the building, we submitted to the will of God when it became apparent that we were not in a position to buy it.

I was particularly impressed with your optimism and your professionalism. Although our church had been in existence for over five years, the congregation had not grow significantly, numerically speaking. When presented with the facts regarding our financial strength (or lack thereof) and of the numbers of our membership, you continued to work diligently with us in order to find a place that would be suitable for us and which would at the same time enable us to turn our dreams into reality.

After showing us several properties, in July of this year you learned of property in the perfect location and at a price and terms that our congregation could afford. You contacted me immediately and as a result we were able to see the property, make an offer, have the property inspected and close on the property in less than thirty days! At our dedication service, our sister churches throughout our district came and were in awe when they saw what God had done. Many of them commented and said that we have the most beautiful, the most modern and the most functional church in the entire district.

Last evening we hosted a Meet the Candidate night for the city of Sylvan Lake because they were unable to hold the event at the community center. The mayor, city council, local city council candidates and several residents were present. They were extremely grateful to us for accommodating them and more importantly we were able to introduce ourselves and our ministry to the city and the local residents,

*"The harvest truly is plenteous, but the labourers are few; Pray ye therefore the Lord of the harvest, that he will send forth labourers into his harvest." Matthew 9:37,38*

which will go a long way towards helping us to gain community exposure and presence.

None of this would have been possible had it not been for the Grace of God and Him using you and your company, REPS. Since moving into our new home, God has been adding to our church and we intend to pay the mortgage off within ten years. I anticipate that our organization will be planting additional churches in the upcoming years. In the interim rest assured that I will highly recommend the services of REPS, whenever I become aware of a pastor who, requires the services of a licensed real estate agent that specializes in church properties.

Yours in Christ,
